## II INTERNATIONAL CONFERENCE

### Urban E-Planning

Institute of Geography  
and Spatial Planning

University of Lisbon

Portugal

20 —21 April 2017

## II International Conference Urban E-Planning

### Aim

With the development and widespread use of new digital tools, a whole range of new possibilities, challenges and opportunities emerged in the field of Urban and Regional Planning.

Following the successful first Conference in 2016, we aim to provide again, in the 2017 Conference, a forum for the critical discussion of new perspectives, approaches, methods, and tools in the field of Urban e-Planning.

### Participation & Selection criteria

Participation in the conference requires the presentation of a paper.

The working language of the conference will be English.

All submissions will be peer-reviewed for content and appropriateness to this conference.

### Program

We welcome proposals for papers on any aspect of the broad area of Urban e-Planning. Papers might address, but are not limited to, the following themes and topics:

**Theme 1:** The Governance and Planning of Smart Cities

**Theme 2:** Citizens e-Participation & Community Engagement

**Theme 3:** Collaborative Urban Planning: sharing, hactivism and social criticism

**Theme 4:** The inter-relatedness of real and virtual in Urban e-Planning: Big Data, GIS, IoT, Augmented Reality, and other technology trends in Urban e-Planning

### Expected Outcomes

- A selection of the papers presented at the II International Conference on 'Urban e-Planning' will be considered for publication in the 'International Journal of E-Planning Research (IJEPR)'. The selected papers will undergo the IJEPR standard peer-review process. Its publication is planned to occur at the end of 2017 or early 2018.
- Other publication formats will also be considered. More information on this will be given during the conference.
- The 2017 Conference will be an opportunity for networking. A special session, to be included in the program, is being considered. The aim is to provide a forum for the presentation of open calls for future collaboration and/or for informal contacts among members of the 'Urban E-Planning Research Network' (UEP-NET).

Please submit an abstract, of no more than 250 words, by 15 December 2016, to:  
[ijepr.conference@gmail.com](mailto:ijepr.conference@gmail.com)

Successful applicants will be informed by 15 January 2017.

Registration is due between 15 - 31 January 2017.

The conference is organized in panels according to topics and issues.

If necessary, contact us to discuss any ideas that you might have for a paper on these or on other related issues.

### Important dates

Abstracts: 15 December 2016

Acceptance notification: 15 January 2017

Registration & Payment: 15 - 31 January 2017

Conference: 20 - 21 April 2017
